

Company Application

First Peninsula Marine's investment opportunity register is for companies seeking investment and angel investors who have the funding, skills and expertise to help businesses develop and grow. First Peninsula acts purely as an introducer bringing parties together and facilitating initial information exchange only, not the investment itself, and will provide access to suitable legal and financial expertise where requested. We act exclusively in this introductory capacity and do not pre-qualify investors, recommend specific opportunities or provide investment advice.

To register your company please complete this application form in full and return it to First Peninsula along with the one-off registration fee of £175 + VAT (£210), cheques made payable to First Peninsula Marine. We will then work together to complete the registration process including investment profile documentation. A range of support services are available including business planning and investment analysis, additional charges apply.
